Meet the BESA Members

BRITISH EDUCATIONAL SUPPLIERS ASSOCIATION

Company name: British Educational Suppliers Association

Telephone: +44 (0) 2075 374997

E-mail: besa@besa.org.uk

Website: www.besa.org.uk

X: [@besatweet](https://twitter.com/besatweet)

BESA, the British Educational Suppliers Association, is the only trade association covering the entire UK educational suppliers' sector. It has a 90-year heritage serving the sector and represents over 400 suppliers, including 60 Launchpads, made up of manufacturers and distributors of equipment, materials, books, consumables, furniture, EdTech, ICT hardware and digital content-related services to the education market. Combined, they generate approximately £2bn of revenue each year.

BESA is dedicated to showcasing the world-leading educational products and services provided by British educational suppliers and providing support and advice to its members, the industry and to schools looking for the best resources and services. It founded the Bett show in 1985, the largest EdTech exhibition in the world, the Education World Forum in 2011 and has been running the Learned Roadshow teacher CPD events since 2019.

BESA has a Code of Practice to which all members must adhere, along with a stringent membership process, both of which assure buyers of a high standard of quality in both product and customer service.

CHESTER MACHINE TOOLS

Company name: Chester Machine Tools (UK)

Telephone: +44 (0) 1543 448940

E-mail: sales@chestermachinetools.com

Website: www.chestermachinetools.com

edulinkone

Company name: Edulink One

Telephone: +44 (0) 7596 924819

E-mail: sales@overnetdata.com

Website: www.overnetdata.com/edulink-one/

X: @Edulink_One

Edulink One is a comprehensive platform designed to streamline school management by integrating directly with a school's MIS including leading providers SIMS, iSAMS and SchoolBase. This centralised solution enables the efficient management of student data from a single, accessible location, reducing complexity for schools and improving operational efficiency.

Available on any device, Edulink One enhances safeguarding and inclusivity through parent and student engagement. The platform allows parents to login and manage essential communications, including reporting absences and discussing their child's additional needs, such as medical or learning accommodations for students of determination. This feature empowers parents to stay closely connected with their child's education, ensuring a safe environment whilst saving school staff valuable time.

Edulink One also features two-way messaging, enabling more effective communication between students, schools and parents. Students will benefit from a dedicated app where they can easily track homework assignments, timetables, and exam results. In addition, seamless integration with third-party systems such as youHQ and Microsoft Teams ensures that schools can manage all their tools and services with a single login, simplifying the overall school management experience.

Through its user-friendly interface and powerful tools, Edulink One helps schools ensure every student's needs are met, as well as fostering better communication and improving student and parental engagement.

Imagine a classroom where history comes alive, science becomes an exploration, and art transforms into an immersive journey.

With STAGE, educators can create dynamic, customisable learning experiences that captivate students' imaginations. Designed to be as easy to use as PowerPoint, STAGE offers powerful tools empowering educators to create interactive lessons that cater to all learning styles. Whether it's a virtual field trip to Ancient Greece or a collaborative project in a Virtual Lab, STAGE makes learning more engaging, inclusive, and fun. Build, Play, Learn with STAGE.

Company name: IDLS Group Ltd

Telephone: +44 (0) 1524 580665

E-mail: hello@idlsgroup.com

Website: www.idlsgroup.com

X: @IDLCloud

International Dyslexia Learning (IDL) provides specialist multi-sensory software to K-12 schools around the world.

Our main goal is to provide learning support to those most in need and our software is used by thousands of children across the globe. Our software was developed to support the growing number of young people who are falling through the gaps in Literacy and Numeracy.

IDL Literacy has been around for over 40 years and can dramatically increase reading and spelling ages for those with dyslexia or low literacy ability. In addition, research has shown it can also have a hugely positive impact on the confidence and self-esteem of those using the program

IDL Numeracy has been designed for children with dyscalculia, those struggling with math or who are experiencing math anxiety. It includes a fully graded course with interactive activities and brand new Animated Maths Tutorials to support students and help them progress.

IDL has been part of the Ascentis family since 2013. Ascentis is an educational charity with a mission to enable learners to realise their full potential and achieve their lifelong aspirations.

Company name: Inversity

Telephone: +44 (0) 2045 387997

Website: www.inversity.co

X: @InversityX

We equip young people aged 16-21 with the AI skills to thrive in their careers. We do this through our fully personalised Hands-on AI Masterclass and our real-world challenges - both of which are highly immersive for students and powered by AI. We've worked with some of the world's top organisation leaders to set our challenges - including the Head of Race Strategy for Mercedes F1 team, the CEO of Ipsos and the Global Education Editor of Financial Times. Our customers are some of the world's top schools, such as Oxford High School (Independent Girls School of the Year, 2023).

X: @LRUK

With 40 years of experience, our family-owned company's mission is to offer children educational toys for infinite inspiration to succeed in school and beyond. We make toys that help children love to learn about themselves and the world through hands-on discovery and play. Our toys are developed to spark their imaginations, encourage exploration, and inspire discovery.

Lightspeed Systems

Company name: Lightspeed Systems

Telephone: +44 (0) 2045 345200

E-mail: sales@lightspeedsystems.com

Website: www.lightspeedsystems.com

X: [@lightspeedsys](https://twitter.com/lightspeedsys)

Lightspeed Systems is a leading provider of cloud-based solutions tailored specifically for the needs of education. With over 25 years of experience, Lightspeed serves more than 23 million students across 42 countries, offering robust tools for web filtering, device management, student safety and software analytics. Its flagship product, Lightspeed Filter, protects students from harmful online content on any device, anywhere. The filter blocks inappropriate content, scans for cybersecurity threats, and offers real-time activity reports whilst supporting seamless YouTube filtering through proprietary SmartPlay technology.

In addition to filtering, Lightspeed integrates advanced tools like Lightspeed Alert, which uses AI to detect and prevent risks such as cyberbullying, self-harm, and violence. Furthermore, Lightspeed's solutions include Classroom Management and Mobile Device Management, ensuring teachers can oversee and manage digital classrooms effectively. This comprehensive suite empowers schools to prioritise learning while maintaining a secure and compliant digital environment.

MathsWatch

Company name: MathsWatch

Telephone: +44 (0) 1961 664250

E-mail: info@mathswatch.com

Website: www.mathswatch.co.uk

X: @MathsWatchLtd

MathsWatch is an award-winning solution that supports teachers' delivery of the Maths curriculum while reducing their workload.

We provide teachers and their students with high-quality videos covering every Maths topic, combined with banks of interactive questions that can be used for classwork/homework/assessment/independent learning.

Our innovative marking algorithms have revolutionised the way teachers can deliver quality Maths lessons to their students as we are the only platform worldwide able to give marks for working out and not merely for final answers. This revolutionary feature makes the MathsWatch experience much more realistic and beneficial to students than most traditional quiz setting platforms.

Furthermore, our popular modelled exam series offer the best possible preparation to students before their final GCSE/IGCSE exams. They can see their grade progression as they advance and clearly identify their strengths and areas of development. A truly immersive experience.

All this is offered to schools by MathsWatch at one of the most competitive price points currently on the market.

NetSupport

Company name: NetSupport

Telephone: +44 (0) 1778 382270

E-mail: t.cairns@netsupportsoftware.com

Website: www.netsupportsoftware.com

X: @NetSupportGroup

With 35 years' experience and 22 million users worldwide, NetSupport is a leading producer of education software solutions. Providing schools worldwide with all the essentials for successful IT management and technology-enhanced teaching, our solutions are carefully designed to support today's and tomorrow's edtech challenges with ease.

For technicians, NetSupport DNA provides network and IT management features to effectively track, monitor and manage IT assets and endpoints across a school – all from one central point. Meanwhile, its built-in online safety toolkit ensures schools can meet their eSafety requirements with proactive and reactive tools.

For teachers, NetSupport has two solutions to choose from. With its 30 years of development, NetSupport School is the market-leading and most feature-rich classroom instruction and monitoring solution available for multiple platforms across LAN and WAN. Its wealth of monitoring, control, collaboration and assessment features enables teachers to deliver engaging and meaningful learning experiences in the classroom. Meanwhile, classroom.cloud, our cloud-based solution, provides essential tools for flexible instruction in any setting. Combined with an online safety toolkit to provide a safe learning environment at all times, and IT management features to help schools centrally manage and maximise their edtech, classroom.cloud is a 3-in-1 award-winning solution, built on impact and evidence.

Lastly, NetSupport Notify helps schools ensure all staff/students are informed with one-way messages that can't be ignored – perfect in supporting risk assessments and school communication.

All of NetSupport's solutions are FREE to try for 30 days at <https://www.netsupportsoftware.com/education-solutions/>, allowing schools to ensure the features meet their needs and expectations.

Pearson

Company name: Pearson VUE

Telephone: 877-551-7587

E-mail: magdy.elkomy@pearson.com

Website: www.pearsonvue.com

X: @pearsonvue

Pearson VUE has been a pioneer in the computer-based testing industry for decades, delivering close to 21 million certification and licensure exams annually in every industry from academia and admissions to IT and healthcare. We are the global leader in developing and delivering high-stakes exams via the world's most comprehensive network of nearly 20,000 highly secure test centres as well as online testing across more than 180 countries. Our leadership in the assessment industry is a result of our collaborative partnerships with a broad range of clients, from leading technology firms to government and regulatory agencies.

ReadSpeaker

Company name: ReadSpeaker

Telephone: +31 30 692 44 90

E-mail: rebecca.white@readspeaker.com

Website: www.readspeaker.com/education

X: @readspeaker

Integrated directly in learning platforms, or as an individual tool, ReadSpeaker provides easy-to-access and easy-to-use text to speech for any content, on any device, including assessments, assignments, STEM, OCR and quizzes.

ReadSpeaker is 200+ voices in 50+ languages, working with 12000+ customers in over 70 countries. Visit <http://readspeaker.com/education> for details.

Renaissance

See Every Student.

Company name: Renaissance and GL Education

Telephone: +44 (0) 2071 844000

E-mail: international@renaissance.com

Website: <https://intl.renaissance.com>

X: @RenLearn_int

Founded almost 40 years ago, Renaissance has become a leader in pre-K-12 education. Now also incorporating GL Education, we serve 20 million students in over 100 countries worldwide.

Our assessments offer the ideal starting point to help school leaders and teachers understand their students' strengths, pinpoint areas of need and put targeted measures in place to support students in reaching their full potential. Regular testing helps to ensure that students stay on track, with clear reporting identifying any gaps in knowledge or areas of the curriculum that need reinforcing.

Our teaching and learning programmes then provide teachers with effective next steps, helping students build the skills they need for success, especially in the development of reading and comprehension – essential skills to enable students to fully access the curriculum.

Together, our assessment, practice tools and analytics are used by schools and school groups to drive better student outcomes around the globe.

spaceforme

Company name: Spaceforme Limited

Telephone: +44 (0) 3331 232424

E-mail: sales@spaceforme.co.uk

Website: www.spaceforme.com

X: [@spaceformegroup](https://twitter.com/spaceformegroup)

Spaceforme is the UK's fastest-growing manufacturer of educational and hospitality furniture. We're chosen not only for our exceptional furniture but also for the exceptional customer service that defines us. Our dedication to service adds remarkable value to our customers.

Through acquisition and development Spaceforme have become known to have the best educational chair range in the UK. Our strong investment in both our business infrastructure and employees underscores our reputation. Collaborating with over 400 dealers and resellers worldwide, Spaceforme seating has provided comfort to millions in schools, colleges, universities, hospitals, and public spaces.

We take pride in not only our products and service but also our journey toward environmental responsibility. Mindful of our impact, we're actively transitioning to more sustainable practices, embracing eco-friendly materials and processes. This shift reflects our commitment to a greener future.

At Spaceforme, quality is at the heart of everything we do, and that's why we take great pride in the fact that many of our products are manufactured in the UK. By producing locally, we ensure meticulous attention to detail throughout every step of the manufacturing process. This not only allows us to maintain stringent quality control but also supports our commitment to sustainability by reducing our carbon footprint.

Company name: Tes

Telephone: +44 (0) 2031 943000

E-mail: help@tes.com

Website: www.tes.com

X: [@Tesforteachers](https://twitter.com/Tesforteachers)

We build the trusted education solutions that teachers, leaders and schools in 125 out of 195 countries the world over rely on to keep up with the needs of an ever-changing sector, and an increasingly demanding market.

Over 2000 International schools, and 300 school groups trust our knowledge and expertise to provide them with the products, services, training, content, resources and support required to help them make a difference to the lives of children, every day.

Whether that's helping them:

Recruit the best teachers and school staff through on our online recruitment platform: our research showed that in 2022 as many teachers got jobs in international schools with Tes as via social media and our competitors combined.

Prioritise the safety and wellbeing of their students with our new safeguarding software, My Concern, giving them a clear and complete picture of student safety across their school.

Train and develop their staff with world-renowned qualifications provided by Tes Institute, including our recently launched MA in Education – ideally suited to those wanting to develop their expertise and become a more sophisticated educator, suited to the demands of international schooling.

the flappy Confident company

Company name: The Happy Confident Company

Telephone: +44 (0) 2039 259150

E-mail: schools@happyconfident.com

Website: www.happyconfident.com

X: @HappyConfidentC

The Happy Confident Company is on a mission to help children develop a strong sense of self-understanding and self-belief from the earliest age.

Our award-winning personal development & mental wellness program can be delivered in 5-10 minutes each day, and it equips students aged 3-14 with the social-emotional & character skills they need to thrive in the classroom and beyond.

Designed to be integrated seamlessly into the busiest of curricula, teachers access more than 150 videos and c. 1,000 ready-to-go lessons through our online hub. With teacher notes and bite-sized onboarding videos there is little to no training required.

The program is Clinician-approved, teacher-endorsed and loved by children.

The logo for White Rose Education is displayed on a dark blue rectangular background. The text "White Rose" is in a white sans-serif font. Below it, the word "EDUCATION" is written in a larger, bold, white sans-serif font. The letter "A" in "EDUCATION" is replaced by a teal triangle. The letter "I" is replaced by a yellow power button symbol. To the right of "White Rose" is a red graphic consisting of a central circle with three lines extending from it to smaller circles, resembling a molecular or network structure.

White Rose EDUCATION

Company name: White Rose Education

Telephone: +44 (0) 1422 433323

E-mail: support@whiterosemaths.com

Website: <https://whiteroseeducation.com>

X: @WhiteRoseEd

White Rose Education is a well-known UK-based organisation focussed on providing high-quality mathematics and science education resources for teachers and students.

They provide a structured set of teaching materials, lesson guidance, worksheets, and videos that are designed to help educators implement effective teaching in the classroom. Their resources are written by teachers, for teachers and their vision is to provide a world-class education, for everyone, everywhere.

The resources provided by White Rose Education cover a wide range of topics across both primary and secondary phases. They also offer support for professional development for teachers, workshops, and training materials to help educators effectively teach mathematics and science using evidence-based approaches.
